

To all the doctors + staff at Women + Health,

I wanted to write to thank you for providing such exceptional health care to my daughter + me during our 3 years in Vienna.

I always looked forward to visiting your clinic because it was so peaceful + serene. I really could have stayed in the waiting room all day.

I also appreciated that you were kind enough to speak to me in English.

I hope you enjoy this small token of my appreciation. (Don't eat too many because you may need to see a doctor.)

All good things to you
+ your families.
